Dear Customers

After Greetings

At the outset, we would like to extend our sincere thanks to you for giving us the opportunity to provide our services to you during the last period. Your confidence in our services and the fruitful cooperation between us during that period had a great impact on the growth of "Auto ID"-section and the development of the services provided to our customers through it.

In order for us to exert more effort and improve the quality and diversity of the services provided by us to you, the company's management decided to convert this section into a stand-alone company under the name: "Experience House for Electronic Devices EHED" To provide the following services

1. Animal Management Solutions: Weighing Scale, Electric fencing....
2. Information Technology (IT)
3. Auto ID (using Barcode, RFID)
4. Low Current: Infrastructure, Security, T&A, Surveillance (IP Camera), Parking, Access Control (using Biometric), ...
5. Consultants.

We promise you to continue to develop and diversify our services and to put our many years of experience and renewable according to the development of global technology at your command, hoping that we will remain at your precious trust.
